

School Day 2011

*Friday September 9th**

Participant Information Sheet and Registration

Last year's School Day Program was well received by the teachers of the participating schools. Again this year we plan to have an Open Camp program.

The students and their chaperones will be able to visit any of the demonstrators and open camps (those who have volunteered their craft or share their knowledge of a particular subject) beginning at 9:30 am.

Sometime between 11 am and 12 noon, the students will stop for lunch. Also some school groups begin leaving the site as early as 1 pm. Please call or send the forms in as early as possible.
